 Diana Dental Care

We are passionate about dentistry and about making your experience as pleasant as possible.

For an
Healthy
Smile

About us.

Diana Dental Care is a sole proprietorship which was formed on 8 December 2014. It is owned and operated by Drg Diana T. Sutandya who has 28 years experience and a proven success record with adults and children patients.

The clinic provide in a spacious and comfortable environment, full general dentistry services, orthodontics, pedodontics, prosthodontics, dental surgery and cosmetic dentistry.

The clinic's offices are located at Jalan Widjaya 1 No 65, Jakarta Selatan and Taman Kebon Jeruk blok D6 No8 Jakarta barat, which is convenient for most of our patients and have parking facilities for 15 vehicles.

Mission.

Our mission is to develop long-term relationships with our patients and to ensure distinguished service through personalized, honest, ethical and informed care.

This is achieved through:

Focusing firstly on the comfort and needs of our patients.
Using the highest quality materials for our treatments.
Using the latest digital technology available within dentistry today.

Constantly updating our skills as health care professionals.

All the necessary modern equipments.

Patient Safety:

We practice universal precautions as recommended by the IDA.
We sterilize all our hand pieces (drill) and instruments.
All surfaces in the treatment rooms are cleaned and disinfected after each patient.

No compromise on our services.

Our Strengths.

DDC aim to offering different specialties under one roof. With a multi disciplinary approach we ensure that patients are provided with the best treatment and get maximum benefit out of it.

Our provided dental treatments are carried out with extreme expertise and precision, and extreme hygiene is maintained for our patient safety.

We are passionate about dentistry and about making your experience as pleasant as possible.

A team of enthusiastic and efficient doctors to provide exceptional dental treatments
